Proof of State Child Care License = Producing proof of a state-issued child care license is required by the city for at least some category of child care to obtain required city licenses and/or permits.

Business License = A general business license is required for at least some category of child care .

Planning and Zoning Permits = Permits, such as conditional use permits or home occupancy permits, are required for at least some category of child care or in some circumstances.

Business Registration = At least some category of child care must register with the city.

Important Note: The purpose of this matrix is to provide an overview of which cities in Idaho regulate child care facilities or homes with local requirements for child care licensing, state licensing, business licensing, planning and zoning permits, and/or business registration. This matrix contains data derived from a survey of one hundred ninety-seven 197 cities in Idaho. The list of one hundred ninety-seven (197) cities was provided by the Association of Idaho Cities. Although every effort has been made to gather accurate information, some confusion about the regulation of child care or misunderstandings about the questions asked may have resulted in omissions of information, such as the omission of cities that regulate child care or particular forms of regulation. Thirty-seven (37) cities responded via an email survey that was distributed by the Association of Idaho Cities in January of 2009. An additional one hundred fifty-five (155) cities responded via a follow-up phone survey, conducted by an Idaho Department of Health and Welfare VISTA Member in late January and early February of 2009. A total of one hundred ninety-two (192) of one hundred ninety-seven (197) cities responded to the surveys, providing a response rate of 97.5%. This matrix was last updated on February 9, 2009.

Who needs a background check?

Service Programs:

- This may include employees, contractors, volunteers and interns at agencies who provide direct service. Or, have direct client access. Check with your employer.

Licensure or Certification Programs:

- Individuals seeking licensure or certification from the Department

Health & Welfare Employees

- IDHW employees providing direct care and service or who have access to children or vulnerable clients.
- IDHW Bureau of Audits and Investigations employees
- IDHW/EMS communication specialists and Managers
- Employees at State Institutions

How much does it cost?

\$55.00 is the fee (exact cash, check or money order) Credit and Debit cards are not accepted.

How do I start the background check?

Go to the web site <https://chu.dhw.idaho.gov>

Follow the instructions at the home page. You will need to use a computer with access to the internet. If you do not have a computer at home, your agency should assist you with your application, or check at your local library. Computers are available at certain Health Welfare offices for this purpose. The steps are:

1. Register as a new user to create your personal user name and password. **Write them down and keep them as you will use them several times.**
2. Next, log on with your personal user name and password.
3. Choose Complete Application from the menu
4. Fill in the information page after page. Clicking the NEXT button at the bottom of each page will take you to the next page.
5. When done, click the SUBMIT button
6. Now you can follow the instructions to schedule your fingerprint appointment.
7. Finally, print your application and print your status page.

What do I bring to the fingerprint appointment?

- Your picture ID
- The fee
- Your signed & notarized application if you have started to work.
- **If you are under 18 years of age, your parent or guardian must sign the application in front of a notary.**

During the background check process, you may be interviewed by Health and Welfare staff and questioned about information you disclosed on your application.

I live in a rural area and can't get to an IDHW fingerprint location.

You still need to enter your application on the web site. Instead of scheduling a fingerprint appointment, you can click the button Mailing Fingerprints. Call or e-mail the Criminal History Unit for the fingerprint card you need. **You must use our fingerprint card.** When you receive the fingerprint card in the mail, you can ask your local law enforcement agency if they will roll your fingerprints on our card. You mail your Signed and notarized Application forms, fingerprint card and fee to the Criminal History office.

When can I work with clients?

That is up to your agency/employer. They may choose to have you work once they have your signed application that has been notarized. They may want to wait until you have been fingerprinted. Or they may want to wait until your background check is cleared. It is their choice.

Licensing or Certification applicants must wait until their background check is entirely complete which includes foster parenting, adoption, and certified family homes. If you are unsure about your availability, ask the specific department program issuing your licensure or certification.

What does the Application for Criminal History Background check ask?

The application is going to ask you to answer questions about yourself, your employer or agency, the program you are applying for. Before you apply, you must know your Employer's ID#. You get that number from the agency that is requiring you to have a background check. You must also disclose all criminal history items you have even if you were a juvenile, an adult, were convicted, dismissed or received a withheld judgment. If you answer yes to any of the questions you will be asked to fill out a supplemental form with the details.

You are required to indicate if you have ever had a valid child or adult protection action taken against you, or have any pending crimes or warrants.

Your notarized Signature on the Application gives Health & Welfare the authorization to conduct the background check and the right to share certain information with your employer or licensing/certification agency. Your notarized signature affirms that the information you provided is correct. Failure to disclose your criminal record may result in the denial of your application for a period of three years, or criminal prosecution for perjury.

What is looked at in the background check?

The background check is a nationwide search of crimes using your fingerprints. The criminal history unit also checks certain registries.

- Federal Bureau of Investigation's National Criminal History Background Check System
- State Bureau of Criminal Identification,
- Statewide Child Abuse Register,
- Statewide Adult Protection Register
- State Division of Motor Vehicles
- Idaho Sex Offenders Registration List Office of Inspector General's Exclusion List
- Certified Nurse Aide Registry

How do I and my agency know when the background check is completed?

The criminal history system sends out an e-mail to you and your agency each you're your status changes when you include your e-mail address on your application. Without an e-mail address you will have to check your status on the web site periodically.

If any action is taken other than clearance, you and your employer will be notified by mail.

If you have a conviction or withheld judgment as an adult or juvenile of any of the disqualifying offenses, regardless how long ago it occurred; you will be excluded and will not pass the background check. General Information:

Idaho law does not require a person to give consent. However, without a signed release from the subject of record, any arrest more than 12 months old, without a disposition, cannot be given to a non-criminal justice agency.

Criminal history record information furnished as a result of a non-fingerprint based computerized search is based solely on a search of identifiers provided in the request. Be aware it is not uncommon for criminal offenders to use alias names and false dates of birth, which would adversely affect the completeness and accuracy of a non-fingerprint based search of the Idaho Central Repository of Criminal History Records. No other state or federal agency records can be searched under current law. The bureau does not telephone or fax responses. Please allow ample time for processing this request. Requests are processed on a first come basis.

The records maintained by the Idaho Bureau of Criminal Identification (BCI) are based upon the felony and serious misdemeanor arrests reported to BCI from other Idaho criminal justice agencies. If a person disputes the accuracy of information obtained, that person may challenge the information by writing to the address on this form.

Idaho code 67-3008 (6) states, "A person or private agency or public agency, other than the department, shall not disseminate criminal history record information obtained from the department to a person or agency that is not a criminal justice agency or court without a signed release of the subject of record unless otherwise provided by law.
